[Title of the project] [Principal investigator, if different from the requester]

Two sample Mendelian Randomization study of cigarette smoking in Idiopathic Pulmonary Fibrosis

Dear colleagues,

We would like to request access to the meta-analysis results summary from the GWAS of IPF study [1] to be used in a Two sample Mendelian Randomization study of cigarette smoking in Idiopathic Pulmonary Fibrosis. We would make use of published instruments for smoking.[2]

Hereafter, the requester agrees to:

- * Use the data only as part of that indicated research.
- * Not redistribute the data outside the project without permission.
- * Acknowledge the provenance of the data in any dissemination of results.
